## Diy Summer on Balcony

diy bottle cooler : made from:  
a simple 40x40 cm napkin, a cooling pad, here:17x 23 cm,can be longer, a ribbon 60 cm x2 cm.  
1. sew the ribbon on the one side of the napkin.

2.fold the half of the napkin on the other side:20x 40 cm.close the 2 long open sides and one of the short sides.sew a line 7 cm away from the one closed short side.

3.put the cooling pad into the open side and sew the line directly behind the pad.roll the bottle cooler around a bottle and close with a ribbon.
